2018 Evolve Conference:

This years Evolve Conference was a huge success for the TrueSwift team. It was an industry event that focussed on Microsoft 365 and Azure. This gave us the opportunity to catch up with industry colleagues and many customers.

Insider Threat Protection:

TrueSwift has recently partnered with ZoneFox, industry leading experts in Insider Threat protection with their unique ground breaking software. This goes towards identifying Insider Threats, who make up around three quarters of data breaches globally. Mail Migration - TrueSwift's success:

With Office 365 and other cloud based services growing, we are finding a greater customer need for mail migration. This is key in order for businesses to stay secure and protect one of their most valuable assets. TrueSwift is proud in the fact that since launch in 2010, we have migrated over 5 Billion messages globally.
